Since our October meeting, current president Randy Montgomery was consulted and agreed that the changes voted on at that meeting could take place as of that date. Many thanks to Randy for all of his hard work and time spent mowing while he was our president. We look forward to continue seeing him at our meetings and at the field.

Since our October meeting, the flight tables at Jetway have been power washed and given a new coat of light grey stain and sealer. The picnic tables were also given a new coat. The vertical uprights at the front of each table were also cut to a point to try and discourage birds from landing on them. Many thanks to Mike Ryan for power washing the tables. Also, many thanks to our painters, Dave Lees and his brother in law Phillip Harmon, Bob Eaglen (for also cutting the uprights on the tables), Dan Porcase, Gene Bisson and Kurt Massar. All your efforts are greatly appreciated.

We have learned that Aerotech Hobbies is NOT going out of business after all.
